MOTORSPORT EXPERIENCE

E2P GROUP — Tyreman (wheel preparation) | September 2026

24 Hours of Barcelona | Aston Martin Vantage GT3

- Delivered wheels to Michelin and collected them; secured balance weights with silver tape and lubricated wheel nuts.
- Set tyre pressures before fitting electric tyre blankets.

BAPORO MOTORSPORT | 30–31 May 2026

Arinsal Hill Climb | SEAT León Mk3

- Supported repairs after Sunday's collision, enabling the car to compete in the next two runs and secure a classified result.

BRETTON RACING | 11 April 2026

European Ligier Series | Circuit de Barcelona-Catalunya

- Supported repairs after FP2, working with the team into the early hours to return the car to the track and start the first race.

QEV TECHNOLOGIES — Mechanic | 6 October 2025

Extreme E Desert X Prix & Extreme H FIA World Cup

- Prepared and maintained the car between sessions, following high-voltage safety procedures.
- Helped rebuild the car around a replacement chassis, preparing salvaged components for inspection and refitting approved parts alongside new components.

BIO GAS RACING — Race Mechanic Support | 10 June 2025

Road to Le Mans | Ferrari 296 GT3

- Prepared tyres and wheels, including wheel nuts, tyre marking, pressure setting and pre-session checks.
- Replaced the front anti-roll bar and repaired damaged vinyls between sessions.
